August, 2019

Dear Parent/Guardian,

In preparation for the new school year beginning September 2019, the necessary documents that must be returned to the health office are being emailed to you. The six forms are listed below with explanations of the New York State requirements. Please print out ONLY the ones that are pertinent to your child(ren) and complete them. We appreciate your cooperation in returning these forms to the health office BEFORE the school year begins in September. Please note that these forms are state mandated and are due on the first day of class. In addition, there are state deadlines by which time all student immunization records must be submitted. Forms can be sent via E-Mail - Email to mhagler@lawrence.k12.ny.us

New York State Public Health Law, Section 2164 requires that schools will not permit a child to attend school **unless** the parent provides the school with a certificate of immunization or proof from a physician, nurse practitioner or physician's assistant that the child is in the process of receiving the required immunizations.

Important: On 6/13/19, NYS eliminated the religious exemption from vaccinations for school attendance. Information is available on the NYS Department of Health website at: <https://www.health.ny.gov/prevention/immunization/schools/>.

1. Health Appraisal Form (Please note: This form is (4) pages) - Must be submitted for:

- All Students

A doctor's computerized form may be submitted instead of the form, as long as it includes the physical exam information along with the immunization record.

2. If your child requires any emergency medication i.e. Epipens or an inhaler, please fill in the medication permission request form.

3. Emergency Allergy Action Plan – Must be completed if your child suffers from a FOOD, STING, LATEX, or any other allergy requiring EMERGENCY MEDICATION. The Doctor and the Parent must fill this form! A parent must also sign it.

4. Emergency Asthma Action Plan- Please have your doctor complete if your child has asthma and you will be providing an inhaler or other emergency medication to have on hand for him in the health office. A parent must also sign it.

5. Dental Form- This form is optional.

If you have any questions or would like to discuss anything with me privately please call the health office.

Thank you,

Mrs. Monique Hagler R.N.
